

Additional Learning Needs Policy

Review Date	October 2015	Leader of Policy Review	Mr G Hughes
--------------------	--------------	--------------------------------	-------------

Rationale:

The school believes that all pupils should be entitled to achieve their full potential whatever their level of ability. The school is committed to the creation and maintenance of a flexible and responsive whole school approach to Additional Needs, which recognises rewards and values diversity among our pupils.

Purpose:

- To promote a whole school approach to meeting pupils' needs.
- To inform all teachers of pupils with Additional Learning Needs (ALN), which will, enable them to meet those needs, with advice and support from appropriate staff and external agencies.
- To confirm all pupils are entitled to access a broad, balanced and differentiated curriculum, in line with the National Curriculum.
- To seek the full integration of pupils with Additional Learning Needs into the life of the school, assisting them to maximise their potential as learners and experience and contribute to social and cultural activities.
- To ensure that provision for pupils should:
 - be appropriate to their identified needs and suitably differentiated;
 - take into account the views and feelings of the pupil;
 - be in partnership with pupils' parents.
- To access the support and advice of outside agencies to the maximum benefit of pupils and staff.
- To adopt a graduated response to Additional Learning Needs recognising that there is a continuum of need.

Identification, assessment and provision

- Most pupils with Additional Learning Needs are identified at Primary/Secondary transfer. The SENCO makes contact with and visits each primary school to meet with the SENCO and attends Annual Reviews of Year 6 pupils when invited. We also look to offer an enhanced experience for a small group of pupils who are identified as potentially more vulnerable and enable them opportunity to visit the school at times in addition to the rest of the cohort.
- Some pupils are identified at other points such as –
 - At point of transfer to the school in other years – pupils are identified at the time of admission by close liaison with the transferring body.

Additional Learning Needs Policy

- Whilst attending this school - they are identified by subject teachers who then refer to their Head of Faculty, Head of Year or Faculty Additional Needs Co-ordinators who relay information to the ALNCO.
- Pupils with Additional Learning Needs are monitored closely and their needs are reviewed on a regular basis using feedback received from teaching staff, pupils, parents and learning support. The school has an Information Area on Library Tutors for staff; this contains regularly updated lists of pupils with Additional Learning Needs. Individual Education Plans (IEPs) are reviewed and updated to coincide with the School Assessment Procedures. The SENCO convenes regular meetings with representatives of each faculty to monitor and review how pupils are responding to the targets set out in their IEPs.
- The school aims to be Dyslexia Friendly. All staff receive information to enable them to identify pupils with dyslexic tendencies, together with an awareness of dyslexia friendly strategies which may be employed. Staff awareness in relation to a pupil's specific learning difficulties and the strategies designed to support them remain an important element in the professional development program of all staff.
- The Governing Body will evaluate the success of the education which is provided for pupils with Additional Learning Needs by evaluating the number of pupils achieving at a level appropriate to their attainment in public examinations, internal examinations and through subject target setting. The Local Authority reviews provision through the Annual Reviews, Focus Meetings and Transition Planning Meetings. Resource Allocation. Pupils with Additional Learning Needs are supported first and foremost by their subject teachers and form tutors as part of the normal school provision. Selected pupils receive specific support for identified needs i.e., vision support and a range of counselling services are available to support pupils. These resources are coordinated through the Multi Agency group which meets on a termly basis. The funding for pupils with Additional Learning Needs is delegated to schools from the Local Authority; the Additional Learning Needs team make recommendations to the Head Teacher as to how this resource may be used most effectively. Provision may include a designated number of hours Teaching Assistant time, but may also include small group teaching, investment in additional resources and modified curricular experience.
- All pupils are expected to follow a broad and balanced curriculum at a level appropriate to their attainment.
 - pupils may be disapplied from a subject(s) via their Statement of Additional Learning Needs.
 - In exceptional circumstances pupils may be disapplied without a statement at the Headteacher's discretion. This is for a short fixed term period with appropriate review dates set in advance.
- Pupils will be given the same opportunities to participate in all aspects of school life. The ALNCO ensures appropriate coordination between staff responsible for Additional Learning needs and staff with Basic Skills responsibilities, in this way we ensure the needs of all pupils are addressed.

Additional Learning Needs Policy

- There are additional provisions made outside normal timetable and curriculum structure to enable pupils to access support for literacy, numeracy and homework. This includes clubs called Pathfinders and Sumbusters which are monitored and organised by members of staff with the support of sixth form students. There are two homework clubs every week. Some identified pupils are also extracted from regular timetabled lessons to receive extra literacy and numeracy support if it is felt appropriate.

Staffing Policies and Partnership with Bodies Beyond the School

- Identified training needs will be submitted to the INSET Co-ordinator and included in Development Plans. The ALNCO will contribute to the Induction Programme for new staff and the Initial Teacher Training at the school. Faculty ALNCOs will ensure that new staff and long term supply staff have access to ALN information.
- The school will work closely with:-
 - Pupils,
 - Families,
 - Partner Primary schools.
 - Flintshire Learning Support Service,
 - Educational Psychology Service,
 - Inclusion Welfare Officer,
 - Behaviour Support Service,
 - Advisory Teacher for ICT and ALN,
 - Services for the sensory Impaired and personnel in Flintshire designated to deal with ALNCO issues.
- Parents will be consulted and informed of the interventions designed to support their children's learning and their stage on the SEN Code of Practice as stated on their son/daughter's Individual Progress Plan or Group Progress Plan. The school wishes to work closely with families and carers in meeting their children's needs and recognises the invaluable contribution which they can make to their child's development by supporting our work with them at home.
- The school will work closely with Health and Social Services, Careers Wales, the 14-19 Network and post 16 education establishments.
- The admission arrangements for pupils with Additional Learning Needs, are as set out in the Authorities current Admissions Policy.
- The school has a designated Dyslexia Resource, fifteen pupils attend the Resource admission is organised by the Local Authority.
- The school has been adapted to accommodate all pupils with mobility needs and has a Disability Access Plan

Additional Learning Needs Policy

Conclusion

This policy conforms to the recommendations and requirements of:

Special Needs Code of Practice for Wales – National Assembly for Wales 2002
Statutory Instrument 1999 No 1442 The Education (Additional Learning Needs)
(Information) (Wales) Regulations 1999.

Policy history Implemented December 2002, Revised January 2005, Reviewed January
2007 & January 2008.

Latest review approved by Governing Body:

Next Review Date: June 2017

Additional Learning Needs Policy

Roles and Responsibilities:

- **ALNCO** - Mr G Hughes, Assistant Headteacher, is the line manager for the Additional Learning Needs department and maintains an overview and coordinates the Additional Learning Needs Provision. Mr Hughes has responsibility for supporting pupils with behavioural needs, looked after children, traveller children and pupils who have English as a second language.
- **SENCO** - Mrs H Evans, Special Educational Needs Coordinator (SENCO) is responsible for ensuring the needs are met for pupils with identified educational needs throughout the school. Mrs Evans should be the first point of contact regarding the provision of additional educational needs for pupils at this school. Mrs Evans coordinates the day to day support for pupils and develops longer term strategies as appropriate, ensuring the correct support is available to pupils whether based in the additional needs area or within the timetabled classroom. Mrs Evans is responsible for ensuring the Annual Review of Statements for pupils with Additional Needs is met.
- **Higher Level Teaching Assistant (HLTA)** - Mrs D Tanton, has responsibilities for administering all aspects of our ALN department including the oversight, coordination and deployment of a team of Teaching Assistants. This team are designated to support named pupils as part of the Code of Practice. Mrs Tanton also supports in the development of suitable strategies for pupils, and provides administrative support to Mrs Evans.
- **Teacher in charge of the Dyslexia Resource Provision** - Mrs K Smith is responsible for ensuring the specific needs of pupils with identified Dyslexia needs are met throughout the school, both within the resource but also the wider classroom setting. Mrs Smith provides guidance, support and advice for all staff working with pupils with Dyslexia needs,
- **Teaching Assistants** - The provision of Teaching Assistants specifically to support SEN pupils are identified and allocated by the school in liaison with the LEA. Deployment is arranged on a basis of need having regard to the resources available and the pupils individual needs. A Statement of Special Additional Educational Needs may also dictate where and if support is required.
- Within each faculty a member of staff is designated as the ALN department link person. This person will liaise with the ALN department to provide support and information in their subject area, and feed back to colleagues as appropriate.
- **SEN Link Governor** - A Governor is designated to have responsibility for the oversight of all ALN matters. The designated Governor is **Parent Governor Mr Stephen Watson**
- **The County Officer** who supports ALNs provision is Mrs Angelina Byrne.
