

DESTINED FOR CHANGE YOUNG LEADERSHIP PROGRAMME

Young people across North East Wales are meeting with decision makers about issues such as climate change, mental health & welcoming refugees.

We are an alliance of young people, using our power to create change about the issues that matter to us.

We are developing our own campaigns.

We are listening in our communities.

We are influencers of change.

We are developing skills for our future.

We need you.

If you want to work with TCC to tackle social injustice and work towards a more equal Wales, now is your chance - our movement is growing!

THIS IS YOUR CALL TO ACTION

Apply now to join our 2021 young leadership programme:
www.tcc-wales.org.uk/ylp

We are inclusive, celebrating diversity and welcome applicants from all backgrounds. Please visit our website for eligibility criteria.

Application deadline: 18th October 2021

HOW IT WORKS

TRAINING

Get to know your fellow campaigners during an interactive introduction to Community Organising and active citizenship.

'CUT' THE ISSUE

Organising terms for figuring out exactly what the issue is and what we want to work on. This involves identifying a social problem, and listening to each other's stories and experiences to uncover what is going on in your world.

DEVELOP YOUR CAMPAIGN

Taking action. Come together to develop your campaign, researching, listening to communities, sharing ideas and working together to move things forward.

IDENTIFY THE TARGET

Now it's time to think about the solution - what would make this better for your community? Bring your campaign together by identifying and agreeing an achievable target.

MEET WITH A DECISION MAKER

It's your time to shine! As a collective you have lived experience, done the training, developed a campaign and have a solution to present. It's time to meet with a decision maker and ask for change.

CREATE REAL CHANGE

You've done it! Not only are you part of a powerful alliance, you have used your power to create real and lasting change in your community.
