Hawarden Portal — Learning Gateway

As part of our drive to improve communication with parents, we have implemented an electronic communication system which will allow us to communicate with you via text message and email and also allow you to access real time student level data on your child(ren).

The school will use the email address and mobile number that we hold in our database for the main contact. If you are not certain that we have your correct details or you need to update them, please ensure that you communicate any changes directly to the school. You can also update details through the Learning Gateway portal accessible from the school homepage.

The Hawarden Portal — Learning Gateway, is a secure extension to the school website which allows registered parents to log-in and view information about their child, such as real-time attendance information, student timetables, reports and achievements. The service which is accessible from the school website or the following link <http://tinyurl.com/hawardenportal> is being used effectively by some parents although we would like this to be more widely utilised. The attached Learning Gateway acceptable use policy is attached for reference. Should you wish to begin using this service please sign and return the registration form to the school office. If you have previously used the service and have misplaced your username and/or password please email slg@hawardenhigh.flintshire.sch.uk to request a reset.

The details you provide will be kept private and used for school business purposes only. If you have any queries in relation to this service, please do not hesitate to contact us at the school.

Mr. S. Budgen
Deputy Headteacher
